PETITIONING THE COURT

To issue a summons for the offender and incorporate the violation(s) contained in this petition in future proceedings with the violation(s) previously reported to the Court on 01/22/2016 and 02/01/2016.

The probation officer believes that the offender has violated the following condition(s) of supervision:

<u>Violation Number</u>	<u>Nature of Noncompliance</u>
-------------------------	--------------------------------

8

Special Condition # 22: You shall abstain from the use of illegal controlled substances, and shall submit to testing (which may include urinalysis or sweat patch), as directed by the supervising officer, but no more than six tests per month, in order to confirm continued abstinence from these substances.

Supporting Evidence: On April 29, 2016, the offender submitted both a urine sample and an oral sample at Alcohol Drug Education Prevention and Treatment (ADEPT) for the purpose of substance testing. The samples tested presumptive positive for amphetamine, the offender denied consuming any illegal substances, and the sample was then sent to the laboratory for verification testing. The laboratory results have been received and reviewed and show a positive result for amphetamine and methamphetamine. In addition, the lab report shows that the sample had been "flushed," which is an intentional attempt to manipulate the urine sample by flooding one's system with fluid.
